

# International Ministerial Alliance and Fellowships

**Dr. Dana Davis**

Establishmentarian / Founder / Apostolic Resource

Charlotte, North Carolina

As a result of a passionate desire to organize fellowship and ministerial support that is carried out in Kingdom Excellence; International Ministerial Alliance and Fellowships is established as a growing collective of like-minded Kingdom believers from diverse denominations and independent affiliations. The IMAF network encompasses the idea of bringing a group of people together in one active network for the purposes of intense training and development of ministries and leaders with authentic Kingdom concepts.

IMAF is a voice in the earth that reflects God's will and intent for Churches, Ministries, and Leaders operating in excellence as a Kingdom Covenant Network. IMAF is an international ministerial alliance and fellowship network who services as a covering for ministries and leaders from around the world. IMAF will also provide churches, ministries and leaders with **relationships, tools, resources** and **opportunities** through apostolic solutions, networking resources, and educational initiatives to develop, excel and prosper 21<sup>st</sup> century leaders as God has purposed.

Based on the biblical foundation of compassion, integrity, and dependence on God, IMAF proclaims and most importantly demonstrates Christ's Kingdom Consciousness to the world. Dr. Dana Davis is the founder of this ideal of IMAF and serves as the apostolic resource for ministries and leaders connected to the network. Dr. Davis' vision for IMAF is to connect Kingdom minded churches, ministries, and leaders around the globe. Dr. Davis and the IMAF network team will serve as the primary apostolic resource for those seeking reformation, education, affiliation, and transformation.

Our purpose is simple, we seek to empower, edify, develop and encourage ministry leaders and ministries from around the world who seek networking relationships, effective apostolic covering and relationship, prayer and fellowship opportunities with like-minded Kingdom individuals for the purpose of advancing the Kingdom agenda. We desire to build solid relationships and share resources to promote God's Agenda for Kingdom consciousness around the globe.

Our mission is to assist churches and ministries who are frustrated with "church as usual" with transitioning into Kingdom ministry. Regardless of denomination, location, ethnicity or cultural background IMAF is committed to serving those ministry leaders and bring them into Kingdom Consciousness.

Our mission is also to connect like-minded leaders together with strategic vision, information, and resources; as well as give leaders the opportunity to develop and maximize effective ministries, and through this Kingdom of God is advanced and God is glorified. IMAF networking advantage will aid every ministry leader who is dedicated to truly seeing lives and regions transformed by the power of Jesus Christ through authentic Kingdom consciousness.

## Benefits of IMAF

Trapped inside of every follower is a great leader, and it is our goal at IMAF to assist men and women across the globe in that transformation process. By becoming a part of the IMAF network, you will be personally mentored by Dr. Davis and the IMAF Leadership Team whose goal is to unlock, release and maximize your personal, ministerial and corporate leadership potential.

IMAF provides personal mentoring opportunities for individuals committed to personal training in ministry, and personal leadership. This is both distance learning opportunity as well as face to face which will allow leaders to connect with Dr. Dana Davis and the IMAF Leadership Team personally. Individuals will also receive weekly/monthly training and resources as a part of a formal mentorship experience as well as enjoy close times or worship and fellowship with others connected to the IMAF network. Become the leader you were born to be by connecting today!
